Statement from UA System Chancellor Finis St. John

It is our duty at the University of Alabama System to maintain the academic, operational and financial integrity of our three campuses and the UAB Health System.

As we address the impact of COVID-19, the safety of our students, faculty and staff guides all decisions. We fully intend to be ready for on-campus instruction this fall and will be guided by the experts at our UAB Health System, the University of Alabama, the University of Alabama at Birmingham and the University of Alabama in Huntsville to ensure that our campuses are the safest in the country.
